

Abstract

A filament retaining washer for mounting about the shank of a bone screw deployed in a bone whereby to retain the filament to the bone, the filament retaining washer comprising a structure having a screw hole extending therethrough for receiving therein the shank of the bone screw deployed in the bone, whereby to secure the structure to the bone, the screw hole defining a first axis, and the structure having a filament hole extending therethrough for receiving a filament therein so as to retain the filament to the structure, the filament hole defining a second axis extending substantially perpendicular to the first axis.
